DUST RUFFLES

A dust ruffle is a box spring cover used in conjunction with a coverlet or comforter. We picture eight styles that can be made either standard or deluxe.

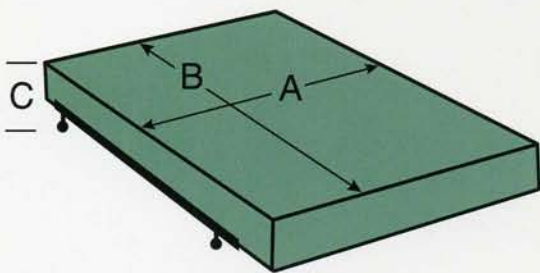

SPECIFICATIONS

A **Standard (unlined)** dust ruffle is attached to a high count white muslin platform. The hem is blindstitched and hand pressed.

A **Deluxe (lined)** dust ruffle is attached to a higher quality platform with self bands sewn on 3 sides and a 4" self tab at the head end. The hem is knife edged with the lining and hand pressed. Quiltmaster provides the white lining, or ivory by request.

Measurements:

NOTE: For an accurate fit we recommend that you furnish the actual measurements of the box spring width (A), length (B), and finished drop (C). We have found that most box springs are slightly narrower than the mattress, and the finished drop has several variables. **Unless you specify otherwise, dust ruffles will be made to the standard sizes listed below.**
